Welcome Academy Parents, Players & Coaches

The Field of Dreams Academy is extremely excited about our upcoming calendar year. It is through our strategic partnerships that we are able to continue our organization's mission to EDUCATE, EXPOSE, ENDOW and EXPAND the quality of life for our youth by providing diverse academic and athletic enrichment programs.

We are pleased to announce the Emory Math Circle program. It is a free math enrichment program for middle and high school students (grades 6 - 12). Our goal is to teach students how to think both logically and creatively while sparking and developing in them a passion for mathematics. There are different levels of classes, each of which meets six Saturdays per semester in Emory's Math and Science Center. The classes are taught by PhD students and faculty at Emory and Georgia Tech. Our objective is to develop the next generation of scientists, engineers, inventors and leaders from our community.

Have you registered for our fall lacrosse program? Field of Dreams United Lacrosse Club (FODLC) is an instructional sports league designed to introduce lacrosse to youth from underrepresented communities throughout metro Atlanta. Our team structure consist of players

Fast and Furious! Our teams are preparing for this year's Georgia Gravity Games. It is a gravity-only car race competition sponsored by Google, Georgia Tech and the City of Douglasville. This competition is part of our Ready-Set-Go Achievement program where our student-athletes gain hands on knowledge from engineers, research scientists, marketing and creative professionals and learn about various careers through auto racing.

Congratulations Termarr Johnson! The Field of Dreams Academy is extremely proud our alumni student-athlete who was selected as the 2019 Perfect Game National Player of the Year. He also selected for the USA Baseball 15U National Team, and won a gold medal and earned MVP recognition at the 2019 WBCU U-15 Baseball World Cup Americas Qualifier.

from grades 3 through 8, open to both girls and boys. Our goal is to promote the game of lacrosse, teach the fundamentals, grow every player's skill level, promote teamwork, good sportsmanship, and just have fun!
